

Physician Body Solutions™

Physician Body Solutions™ is one of the most experienced team of doctors in the Delaware Valley performing the enhanced form of minimally invasive liposuction known as High DEF SmartLipo.™ High DEF Smartlipo combines VASER Liposelection with the Smartlipo laser for removal of unwanted fat deposits with no general anesthesia, no stitches, minimal bruising, minimal downtime and unprecedented skin tightening. Our combination of VASER and Smartlipo results in safe, slim, high definition results.

The medical team at Physician Body Solutions, led by Medical Director Victoria Falcone, has performed over 1,000 procedures since the FDA approved Smartlipo in November 2006. We, have the skill and experience to take your liposuction procedure to an entirely new level.

In addition, Dr. Erik Smith also offers specialized services in the field of cosmetic gynecology helping women to repair, restore and maintain their body when the effects of aging and childbirth begin to show. He is a "Mommy Makeover" specialist training under one of the most recognized innovators in the field, Dr. David Matlock of the E-channel's "Dr 90210" fame.

At Physician Body Solutions, we distinguish ourselves by offering our patients a sophisticated combination of technical expertise, personalized customer service and some of the most innovative body contouring, facial rejuvenation and weight management options available today. Whether you are looking for cellulite reduction, body contouring, laser hair removal, laser skin resurfacing, Botox or dermal fillers, at Physician Body Solutions we offer honest, individualized treatments for safe, natural results.
